LUCRAT | PARTICIPANTS

Jun 2022 - Dec 2022

PROJECT:

Participants.bg is a product of Lucrat – a company that has been offering UX services and training in Bulgaria for over 20 years. Our team has conducted hundreds of tests with users, which is why we know that the role of participants is very important to the success of any study.
Participants.bg serves to:

- researchers – as a tool to recruit suitable participants for paid studies.
- people with different backgrounds – as a registration platform to participate in paid surveys.

RESPONSIBILITIES:

- Frontend and Backend implementation
- Authentication flow
- Email integration
- Dynamic surveys for participants
- Find participants flow
- CI/CD integration

TECHNOLOGIES USED:

NuxtJS   VUEX   Git   Tailwind   Strapi   Digital Ocean   Notion   Figma
